1. Death and taxes

"Christian Aid's new report seeks to expose the scandal of a global tax system that allows the world's richest to duck their responsibilities while condemning the poorest to stunted development, even premature death. The situation is stark and urgent. Our report predicts that illegal, trade-related...

2. Climate Change, Trade and Competitiveness: Is a Collision Inevitable?

On June 9, 2008, more than 70 stakeholders gathered at Brookings for a conference on "Climate Change, Trade and Competitiveness," and discussed how climate change presents a new set of challenges for the world trading system. As some wealthy nations begin to adopt carbon pricing regimes, others ...
